Instructions to complete the layout:

1. Use a sanding block to sand all the edges of patterned papers, photo mats and fussy-cut images.
2. WHIMSICAL & MAGESTIC papers will be used as your background pages – make sure the floral images are on the outer edges of each piece.
3. Adhere DELIGHTFUL (red texture) strips to the outer edges of both background pages – leaving approx. 6-7mm showing. Now adhere the green scalloped border strips to the underside of these strips.
4. Adhere MAGICAL (brown dots) pieces to the outer edges, behind the scalloped borders. Make sure your pages measure 30,5cm in width before sticking down.
5. Adhere MAGESTIC (dark green pattern) block to the top left of page 1 – approx. 2cm from the top and 5cm from the edge of the page.
6. Adhere SPELLBOUND (light green pattern) block to the top right of page 2 – approx. 2cm from the top and 8,5cm from the right edge of the page.
7. Adhere MAGICAL (floral) pieces to the centre of layout, approx. 1/2cm from the top of the page.
8. Adhere SPELLBOUND (white woodgrain) to the centre bottom of the layout, approx. 2cm from the bottom of the page.
9. Adhere SPELLBOUND (camera block) to page 2, approx. 1cm from the bottom and 5,5cm from the left side.

10. Place the 3 WHIMSICAL (green ombre) photo mats across the top of layout as per picture – tuck border strip & “together” tab underneath the tops and floral cluster & circular cut-out image underneath the bottoms before sticking down.
11. Place the smaller photo mats as per picture, making sure to tuck any cut-out elements underneath edges before sticking down. Raise the photo mat on page 2 with foam tape.
12. Layer camera cut-out (with foam tape) over the camera image on the circle frame cut-out and adhere to page 2. Photo can be placed underneath this frame. Add 3 x bunting quotes & circular quote with foam tape, as per picture.
13. Apply white ink to all the chipboards used on the layout. The triangle and square elements remain white. Apply the green and rust colours to the title chipboard, blending the colours slightly. Apply dimensional glaze to the words “better” and “together” and sprinkle copper glitter on while still wet. Shake off excess glitter and allow to dry completely before adhering to layout, on page 2. Adhere the corner elements to the set of 3 large photo mats.
14. Raise the quote card with foam tape (you can mat with a piece of cardstock, if desired) and adhere to the top left of page 1, tucking circle cut-out under the top left.
15. Embellish your layout with fussy-cut elements, raise some with foam tape for extra dimension. Add charms, rhinestones and ribbon bows to finish off.
16. Hope you have enjoyed completing this layout 😊
